## Member Answers to 'Why Authentic Leader Forums?'

"AL Forums for me is a growing, changing life experience with men who are going through and experiencing Authentic Catholic living and struggling to do God's will in all aspects of their business and personal life."

"ALF provides comradery and accountability to me as a whole "integrated" person and not solely on one aspect of my life. I have been a part of other business networking groups but AL Forums goes deeper."

"I can share what's impacting my mind, body and soul with the support of like-minded professionals. Our meetings keep me focused on what's important while also gaining business insight from real business leaders and owners."

"I am in a number of professional groups but always felt something was missing. With ALF I have found a group of friends that I didn't know I needed. They support me in my spiritual journey and are teaching me how to become a virtuous leader, something I had little understanding of prior to membership. Joining this group has been one of the best decisions I've made regarding my formation and improvement as a leader."

"I feel truly blest to be associated with AL Forums because it has provided the connection between my faith and my professional life! The opportunity to learn and be challenged by the social teachings of the One Holy Catholic and Apostolic Church practically provides a true path for me to grow in virtues which is my path to joy now and eternal happiness to come. "Thank you all !!!"

"I am Catholic, pray, and go to Church, but always had the feeling that something was incomplete / missing. I wanted to be a better Catholic as our Faith is so deep and rich yet did not know where to look. The same was true in my business – something seemed incomplete. AL Forums has actually brought the two together. Helping me understand the core of our Catholic Faith and the virtues on becoming a true leader for my business as well as for others. AL Forums gives me the chance to grow in my Faith and share my personal and business struggles with a great group of guys. It has connected the dots."
