

BRAND MANAGEMENT
**REVIEW, REPORT,
AND REFRESH**

“A brand for a company is like a reputation for a person. You earn reputation by trying to do hard things well.”

Jeff Bezos

- **Not Being Authentic**
- **Breaking The Brand Promise**
- **Losing Connection With The Customer**
- **Lacking Differentiation**
- **Misaligned Company Culture**
- **Confusing Brand Architecture**
- **Remaining Stagnant**

Warning Sign #1

The brand does not understand their purpose, vision, mission, or values. Therefore, their marketing and brand strategy decisions don't reflect them.

Warning Sign #2

A Brand develops marketing campaigns and advertisements and just hope they will work. If there is not a plan, strategy, and guidelines in place, the marketing efforts could be a waste of time and money.

Notes:

Warning Sign #3

Team members are disengaged, disinterested, and failing at their roles. A brand needs a well thought out brand strategy to unify the team.

Warning Sign #4

There is not cohesive brand messaging or visual identity. Therefore, the content is inconsistent and contradictory, leading to customer confusion.

Warning Sign #5

The brand is not clearly articulated. Without a well positioned and differentiated brand, it will be unable to stand out in the crowded marketplace.
