Hangar Talk

After a brief pause to celebrate the holidays, the building committees are back at work facilitating the progress of Chapter 1414's new facility. An energizing visioning session in January established the ground work which will be carried on by the Project Committees.

The program committee chairpersons and the 1414 directors will be meeting on bimonthly basis to keep the momentum going on the hangar progress. The meetings will be held on the first and third Saturdays of each month as long as needed to facilitate the project.

If you want to be a part or have ideas to offer for this exciting venture, contact President Lee Hilbert at (847) 652-3526 or LeeHilbert@comcast.net or Vice-President Dean May at (815) 544-0215 or deanmay757@gmail.com
