TESTIMONIALS

Tonya has been a great coach and very instrumental in my life. She has helped me focus on starting my own business as well giving me the confidence I lack in growing my faith in God and myself. I was frustrated and overwhelmed because I didn't know where to start and how to keep it all together. Thank you for always being there for me and my family.

How do I put into words, how much Tonya Wise means to me and my family. From the beginning she has been there encouraging, praying, uplifting and keeping me focus on why I started this journey with her in the first place. Always available when I call her for whatever I need. Staying consistent to what she said she would do for me, even when I wasn't doing my part. I thank her for her courage, her strength, her late nights and her hard work. As I think about how she has been there for us it makes me want to be there for her and do more for here. I couldn't have asked for a better person to mentor me in business and in life.
Love you. Barbara B~

If it weren't for Tonya's coaching, I wouldn't be in the place that I am today. And I certainly wouldn't be the person that I am today."
Kimberly L~

Before being introduced to Tonya Wise, I'm not sure that I could say that I'd ever met anyone like her. Her energy, her drive for success, her desire for everyone around her to win, was genuine and authentic. I lacked confidence in accomplishing financial goals, but she sat down with me, executed a plan, and accomplished the mission. Just like that, my financial literacy had increased, my credit score, and my confidence. Tonya is not only my Mentor, but she soon became my accountability partner, and my biggest cheerleader. I am forever grateful.
