

ABOUT US

Transforming Waste Management for a Sustainable Future

EBD Supply offers FreyTech© EBD technology which is currently protecting the environment in 40 countries and counting.

PreTreatment Disks bring the widely successful industrial and commercial Environmental Balance Device Technology (EBD) to your home.

CLIENT TESTIMONIAL

MR. GONZALO
GALVEZ
Engineer

"Confirming EBD has been remediating wastewater in two septic tanks for the last 4 years and that there is no odor... No soap bubbles or traces of feces, whatsoever."

"Results may vary based on system conditions and usage"

SOLUTIONS:

-  Rapid odor elimination
-  Boost performance
-  Help prevent costly issues
-  Environmentally friendly
-  Reduce Nitrogen - Healthier Water and Wells

**PROTECT
YOUR HOME
AND WATER**

AVOID THE MESS

Unbalanced Septic Systems can lead to water contamination, sewage backups and foul odors.

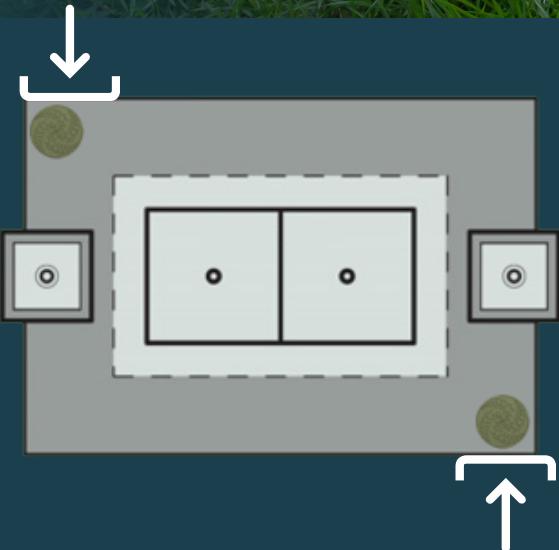

-  EBD PreTreatment Disks restore bacterial balance naturally.
-  Helps prevent septic backups and reduce odors.
-  No maintenance required, just long term septic health.

Stop septic problems before they start

EASY INSTALLATION

YOU CAN DO IT YOURSELF!

EBD PreTreatment Disks can be installed directly on top of septic tanks.

EBD PreTreatment Disks can also be buried in the soil at 16" (40 cm) in depth directly above each tank corner.

EBD disks must be installed in a horizontal position. Do NOT install vertically. The EBD disks may be installed face up or face down.

Must be placed within 36" (91 cm) above the top of the tank.

In compliance with chapters SPS 382 through 384, Wisconsin Administrative Code, and Chapters 145 and 160, Wisconsin Statutes.

Wisconsin Department of Safety and Professional Services

"We conclude that the above materials sampled are not hazardous, toxic, or pose a threat to the environment when installed in either soil or water mixtures"

Florida International University
