

3M Fasara™ Glass Finishes

Decorative glass finishes
for interior design

Experience enhanced privacy and aesthetics with inspirational design solutions from 3M

Enjoy enhanced privacy and aesthetics with innovative design solutions from 3M

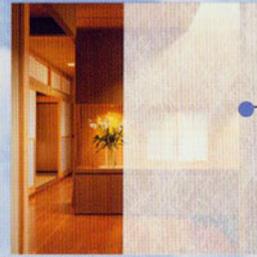

Aesthetics: Our decorative glass and window films transform plain glass, capturing the look of cut or textured glass to an astonishing degree at a fraction of the price.

Flexible: Fasara™ Glass Finishes allow you to tailor the amount of privacy a space possesses. Use Fasara glass finishes monolithically to create serene “ricepaper wall” effects, or die-cut or layer the films to create exciting, dynamic effects.

Easy application: 3M expertise in adhesives ensures you of fast, accurate, beautiful and durable application to a variety of glass substrates.

Materials: Constructed from durable and flexible polyester materials.

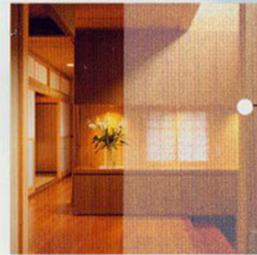

At a fraction of the cost of etched-glass, Fasara films are perfectly suited for interior glass partitions or the inside surface of windows. Available in several textures which can be die-cut for highly customizable designs, Fasara films can be used to create a more private atmosphere or a more dynamic aesthetic.

*Sagano: subtle crosshatch pattern creates an icy illusion
Product size: 50" x 98.4'*

*Yamato: a highly textured, rice-paper styling
Product size: 50" x 98.4'*

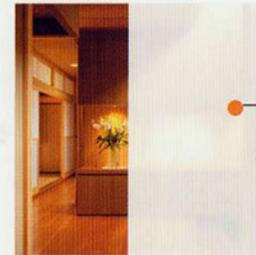

*Lausanne: offers a delicate, misty cloud of distortion
Product size: 50" x 98.4'*

*Oslo: creates a masking, slightly textured fog
Product size: 50" x 98.4'*

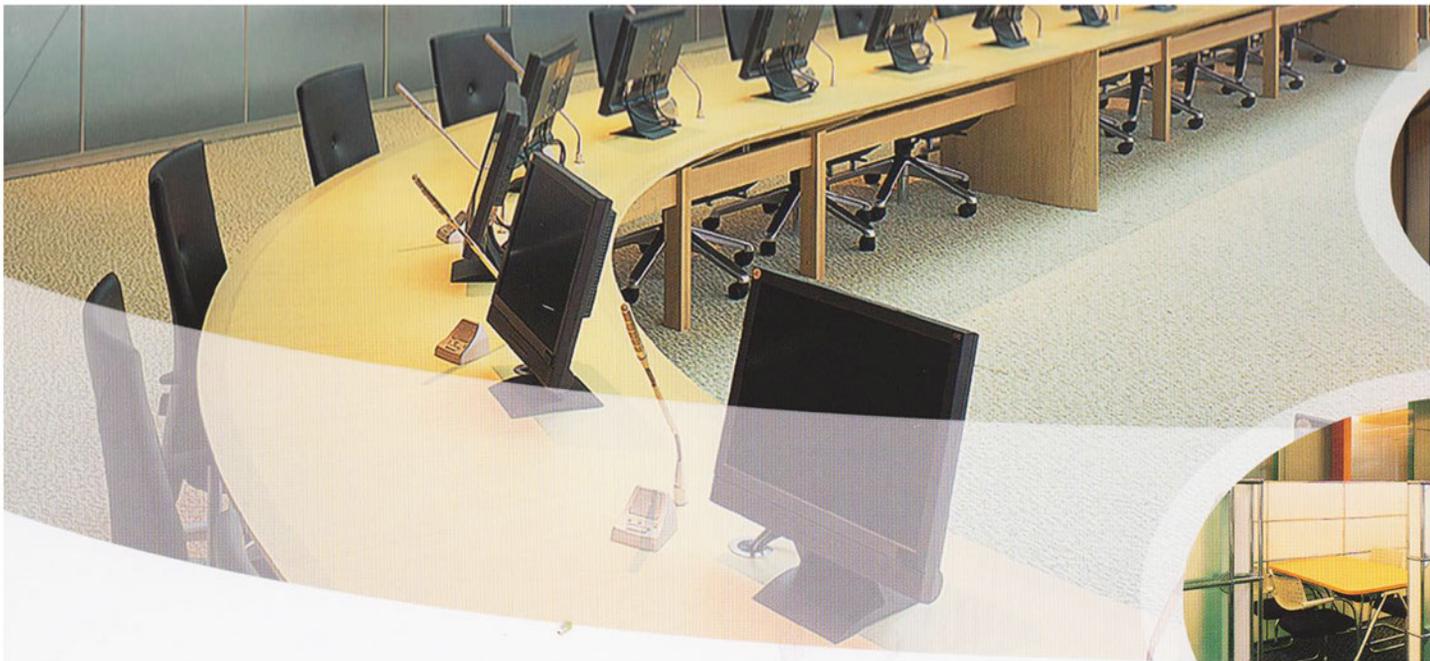

*Milano: a concealing, milky appearance
Product size: 50" x 196.8'
Product size: 60" x 196.8'*

*San Marino: the nearly opaque facade offers complete privacy
Product size: 50" x 98.4'
Product size: 60" x 98.4'*

3M Fasara™

Customizable films for interior glass
design • identity • privacy

Versatile solutions

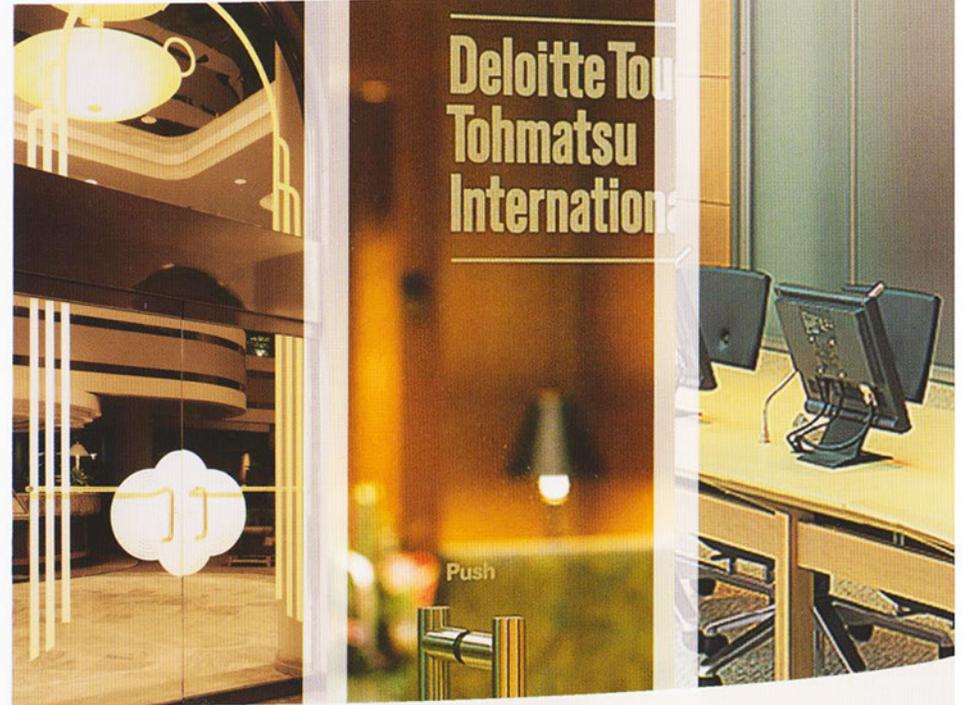

Fasara films, made of thin, durable polyester with a decorative matte surface, are perfect for privacy, decorative and architectural applications. Intended for use on interior glass and the inside surface of exterior windows, Fasara films can easily be used to create a custom solution for any corporate, retail or residential environment.

• New

Limited patterns are available for exterior glass and polycarbonate substrates.

Convenient application and care

Fasara Interior Design Films are installed by trained 3M professionals. Once applied, the films function as permanent solutions, but can easily be removed or repositioned as needs or styles change. Care is simple – films may be washed with common, non-abrasive cleaning solutions.
