

Tomorrow's Innovation for today's **Cavity Wall Installers**

Evobead is one of Britain's most innovative manufacturers and suppliers of EPS bead for use in cavity wall insulation.

Main benefits to installers

- ✓ **Reduced drill pattern** 75% less than other cwi systems
- ✓ **Quicker Install times** and improved safety on site
- ✓ **Full accreditation** by KIWA and accepted by NHBC
- ✓ **Thermoscopic lance** approved
- ✓ **Highest quality EPS** on the market utilising the newest and greenest technologies in Raw EPS
- ✓ **25 year guarantees** with several bodies (IAA/GDGC)
- ✓ **Delivery methods** to suit customers
- ✓ **24 hr technical support** from leadership team with over 100 years experience

Our established EPS bonded bead manufacturing facility is delivered by a team with more than 100 years of experience.

- ➔ **Evobead manufactures a high-quality product** that is KIWA BDA approved. We provide innovative solutions for delivery as well as a range of payment terms to help keep your business running smoothly.
- ➔ **All Evobead installers use the Climabead cavity wall insulation system;** with fewer drill holes required, the system is quicker, cleaner and has less visual impact on the property. It improves health and safety at install and reduces installation costs with no reduction in quality or performance.
- ➔ **In addition to a market leading product and sales approach,** we provide installer companies with full training and technical support.

Evobead ECO Innovation Status

We are now pleased to announce that our Climabead product has been awarded Energy Company Obligation Innovation Status

This makes it the only party wall insulation system of it's kind that supports social housing in accessing ECO3 funding for D rated properties. This has opened up energy efficiency opportunities for around 5 million homes (10 million party walls) across the UK.

- Providing a **25% uplift** in ECO 3 funding.
- **100% funded** installation measure
- **25 years CIGA** guarantee
- **Improved sound** and thermal comfort
- **Whole house** retrofit solution
- **A step forward in supporting landlords** to achieve EPC rating of C and above by 2030.
- **Non intrusive** installation technique
- **ECO3 Primary Measure** Qualifying

Table shows how Evobead is earning installers more money:

Property Type	Standard Party Wall	Party Wall Funding using Evobead
3 bed End-terrace*	£1835.40	£2294.25
3 bed Mid-terrace*	£3175.20	£3969.00
3 bed Semi detached*	£1705.20	£2131.50

+25%

(*Examples based on average property size installing both party walls. Properties having electric storage heating and using £0.30 per LBS)
