Uniswap *paso a paso*

# *<https://app.uniswap.org/swap>*

The image shows a screenshot of the Uniswap swap interface. At the top, there is a navigation bar with links for Swap, Tokens, NFTs, and Pools. Below this is a search bar labeled 'Search tokens and NFT collections'. The main swap area has two input fields: 'You pay' and 'You receive', both showing '0'. The 'You pay' field has a dropdown menu set to 'POL'. Below the input fields is a 'Connect wallet' button. At the bottom, there is a purple banner for the 'Polygon token bridge' with the text 'Deposit tokens to the Polygon network.' and an external link icon. On the right side of the interface, there is a 'Connect' button. Two numbered instructions are overlaid on the right side: a circle with the number '1' pointing to a wallet connection icon, and a circle with the number '2' pointing to the 'Connect' button.
