

Fuel your growth through your people

Our mobile - first employee wellbeing, benefits, and engagement platform

At EB Now, we help fuel your growth via your employees using employee benefits as the foundation. Your team will always determine success and ensure delivery of this years revenue, next years strategy and any exit ambition you may hold.

We have created a suite of benefits, all in one place, all in your brand, and tailored just for you – all at large company pricing aggregated for the small business.

EB Now is a fully customisable employee experience platform transforming how organisations in the UK support and communicate with their employees.

Designed specifically for people who don't have regular access to a computer, your customisable EB Now app is simple, easy to use, and helps you connect with your workforce. You decide the services, we provide the platform.

Your reward, benefits and wellbeing offerings can be accessed by your employees anytime and anywhere; providing them with all the support and services they need.
