

Referral Program for Lorenz Hypnosis & Wellness

Welcome to Our Healing Circle Referral Program

At Lorenz Hypnosis & Wellness, we believe in the transformative power of hypnosis to heal and enhance personal growth. Our journey together doesn't end with the completion of your sessions; it expands into a community where healing continues through shared experiences and support. The Healing Circle Referral Program is our way of extending this journey beyond our sessions, allowing us to reach and help more individuals on their path to healing.

This program is designed with gratitude and mutual benefit in mind. It's an opportunity for you to share the positive changes you've experienced with those you care about, helping them to embark on their own journey of healing. As a token of our appreciation, we offer rewards for referrals and for sharing your story through video testimonials. These gestures of support not only deepen our community's connections but also make the healing journey accessible to more individuals who can benefit from our work together.

Your trust and support mean the world to us, and this is our way of saying thank you. Together, we can create a ripple effect of healing, empowerment, and growth. Welcome to our circle, where every referral and shared story enriches our collective journey.

Eligibility Criteria

Our referral program is open to all clients who have completed at least two sessions with us, across any of our programs. This ensures participants have experienced enough of our services to share genuine insights and recommendations.

Tracking Rewards & Limitations

Reward Tracking: Once you submit a referral through our Healing Circle Referral Form, we'll take care of the rest. We meticulously track each referral against your client profile to ensure you receive your well-deserved rewards. You'll be notified via email once your referral has completed their initial session with us, at which point your reward will become available.

Limitations: To maintain fairness and ensure that all our clients can benefit from our referral program, please note that rewards cannot be stacked. This means that while you can accumulate multiple rewards from different referrals, each reward must be used separately and cannot be combined with others in a single transaction or applied to the same session.

We designed these guidelines to foster a generous, yet balanced, referral system that benefits our entire healing community.

1. Referral Rewards
