

**TRANSFORMATIVE LEADERSHIP
IN THE AI ERA
INTEGRATING FAITH,
TECHNOLOGY AND PURPOSE
TO ELEVATE YOUR BUSINESS AND
COMMUNITY**

KINGDOM
IMPACT ASSOCIATES

As we navigate the complexities of modern leadership, the integration of faith, technology, and purpose becomes increasingly vital. In the following talks, we explore how leaders can harness the power of AI while staying true to their core values, whether in the boardroom or within their communities. From transforming businesses through Kingdom principles to empowering everyday conversations with faith, these topics offer practical strategies for those seeking to lead with integrity and impact in the AI era.

"KINGDOM LEADERSHIP IN THE AI ERA: LEVERAGING TECHNOLOGY TO SERVE, LEAD, AND TRANSFORM YOUR CHURCH OR BUSINESS"

Description:

In a world increasingly driven by technology, how can leaders stay true to their faith while embracing the power of AI with discernment? This talk dives into the heart of this question, offering a roadmap for integrating cutting-edge technology with timeless Kingdom principles. Whether you're leading a church, a business, or a community, this talk will provide you with the tools to harness AI in ways that enhance your ability to serve, lead, and transform. Far from being just a trend, AI can be a powerful ally in fulfilling your God-given mission—without ever compromising your values.

Takeaways:

- **Align AI with Kingdom Values:** Learn how to integrate AI into your leadership strategy in a way that aligns with and supports your faith-based mission, ensuring that technology serves your goals rather than detracting from them.
- **Enhance Service and Impact:** Discover how AI can be used to better serve your community, improve decision-making, and create meaningful, lasting transformations within your church or business.
- **Lead with Wisdom and Discernment:** Gain the skills to lead your organization through the AI revolution with wisdom and discernment, balancing innovation with a steadfast commitment to Kingdom principles.

"EMPOWERING LEADERS IN THE AI ERA: STRATEGIES FOR GROWTH AND IMPACT"

Description:

In the rapidly evolving landscape of technology, the role of a leader is more crucial and more complex than ever. This talk is designed to equip you with the strategies needed to navigate this new terrain while driving growth and making a meaningful impact. It focuses on how to leverage AI to enhance your leadership effectiveness, cultivate innovation, and empower your team or congregation to thrive in a changing world. Whether you're leading a business, church, or community organization, this session will provide actionable insights to help you harness technology for positive change.

Takeaways:

- **Strategic AI Integration:** Learn how to strategically incorporate AI into your leadership practices, enabling growth while staying true to your mission and values.
- **Foster a Culture of Innovation:** Discover how to create an environment where innovation flourishes, encouraging your team or congregation to embrace new ideas and technologies with confidence.
- **Maximize Impact:** Gain practical tools to amplify your impact through AI, from optimizing decision-making processes to enhancing the reach and effectiveness of your initiatives.

"FAITH, TECHNOLOGY, AND TRANSFORMATION: AI LEADERSHIP FOR MODERN TIMES"

Description:

As technology advances, leaders are faced with traditional leadership challenges yet are also presented with the opportunity to integrate innovative technologies into their teams without losing sight of their faith. It addresses the unique opportunities and challenges that AI presents, offering a blueprint for how to lead in a way that honors your faith while embracing the potential of new technologies. Attendees will walk away with a deeper understanding of how to use AI to transform their leadership and their community.

Takeaways:

- **Faith-Aligned AI Adoption:** Learn how to adopt AI technologies in a way that aligns with your faith, ensuring that your leadership remains grounded in spiritual values while embracing innovation.
- **Transformational Leadership:** Discover how AI can enhance your ability to lead transformational change, whether in your church, business, or community.
- **Bridge the Gap:** Gain insights into how to bridge the gap between technology and spirituality, using AI to support and amplify your mission rather than detract from it.

"BRINGING JESUS INTO EVERYDAY TALK: STRATEGIES TO HELP YOUR BUSINESS OR CHURCH TURN CASUAL CHATS INTO LIFE-CHANGING MOMENTS"

Description:

Imagine turning everyday conversations into opportunities for spiritual growth and transformation. This talk is all about equipping you with the tools and strategies to do just that. Whether you're chatting with a colleague, a friend, or a member of your congregation, this talk will help you infuse those moments with the presence of Christ. By learning how to steer casual conversations toward deeper, faith-centered discussions, you can create life-changing moments that resonate long after the conversation ends. This session is ideal for anyone looking to make a more profound impact through their interactions, whether in a business setting or within a church community.

Takeaways:

- **Cultivate Intentional Conversations:** Learn how to gently guide casual conversations toward spiritual topics, creating opportunities to share your faith without being forceful or awkward.
- **Spot Opportunities for Ministry:** Develop the ability to recognize when a simple chat has the potential to turn into a meaningful discussion about Jesus, and how to navigate those moments with grace.
- **Transform Lives Through Dialogue:** Understand how to use everyday conversations as a ministry tool, helping others encounter Christ in the midst of ordinary life and fostering deeper connections.

Kate and Jeff are also available for customized talks upon request. Let's work together to make a meaningful impact in the lives of those around us.

Jeffrey Slayter

Jeffrey Slayter is a globally recognized transformational leadership coach, speaker, and innovator with over 17 years of experience helping founders, CEOs, and executives scale their organizations and elevate their leadership. His work has impacted over 3 million people across twelve countries. Jeffrey is passionate about working with visionary leaders, entrepreneurs to amplify growth and impact, using cutting edge leadership methods along with AI to enhance business strategies.

As a founding member of Industry Rockstar, Jeffrey leads the way in redefining the marketplace with AI-enhanced NLP, empowering leaders to thrive. His expertise spans leadership, sales, and public speaking, and his influence has been instrumental in helping some of the world's most influential game-changers bridge the gap between their vision and reality in both personal and professional realms.

Jeffrey has shared stages with thought leaders like Sir Richard Branson, Dr. John Demartini, Frank Kern, Tim Ferriss, Tony Robbins and many more. He has coached top CEOs, helping scale companies through strategic leadership and innovation. As a philanthropist inspired by faith, Jeffrey focuses on giving back and enriching lives, offering growth strategies that align with faith-based values.

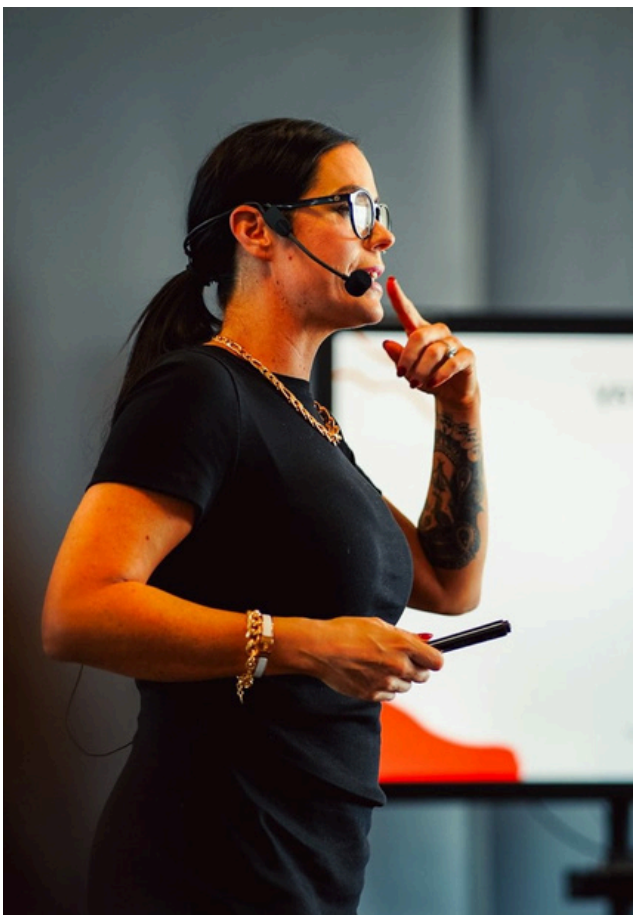

Kate Gray

Kate Gray is a dynamic speaker and business strategist with more than a decade of experience in marketing, business development, and personal mastery. Known for her innovative approach, Kate has been instrumental in integrating leadership and AI business strategies, driving remarkable growth and transformation for the organizations she works with.

After founding Ancient Awakening, where she leveraged psychology-driven marketing to achieve an 800% revenue growth in just one year, Kate expanded her focus to include the powerful potential of AI in business. Now, alongside her husband Jeffrey Slayter, they are pioneering the powerful combination of good leadership and AI, with discernment, to not only enhance business outcomes but also to empower leaders to work with AI rather than against it.

Kate's speaking engagements have taken her to prestigious stages worldwide, where she has shared platforms with luminaries like Lisa Nichols, Robin Sharma, Eric Thomas, Les Brown, Tony Robbins and more. Her commitment to ethical marketing and genuine transformation has made her a sought-after speaker and consultant.

Kate is at the forefront of innovating with AI, helping leaders navigate the evolving landscape by integrating advanced technology with ethical, faith-based practices. She infuses her work with a deeper sense of purpose, aligning her business strategies with Christian values. Her passion lies in creating meaningful connections with those seeking truth, using her expertise to inspire and guide others on a path of growth and spiritual alignment.

DO THEY SPEAK TOGETHER?

Yes, Jeffrey and Kate often speak together, and their combined presence creates a powerful and engaging dynamic. Together they have experience in integrating AI into business. Then with Jeffrey's extensive background in transformational leadership, sales and strategic growth, along with Kate's expertise in marketing, business development, and personal mastery, they bring a complementary blend of skills and insights to the stage.

Their different backgrounds and specialties allow them to approach topics from unique perspectives, making their talks both comprehensive and multifaceted. Jeffrey's strategic mindset and experience with global business leadership mesh perfectly with Kate's innovative approach to AI and her passion for ethical influence and personal transformation. Together, they provide a holistic view that resonates with diverse audiences, whether they are business leaders, church communities, or those exploring the intersection of faith and technology.

Moreover, their interaction during talks is not only informative but also highly entertaining. They have a natural rapport, often weaving humor, stories, and personal experiences into their presentations, which keeps audiences engaged and inspired. Their ability to play off each other's strengths while addressing complex ideas in an accessible way makes their joint talks particularly impactful. Whether they're discussing how to leverage AI in leadership or how to bring faith into everyday conversations, Jeffrey and Kate offer a dynamic and enriching experience that leaves a lasting impression on their audiences.

CAN THEY BE BOOKED SEPARATELY?

Yes, Jeffrey and Kate can be booked separately, depending on your specific needs and the focus of your event. While they often speak together and their combined expertise offers a powerful dynamic, each of them also brings a unique set of skills and insights that can be incredibly valuable on their own.

Jeffrey, with his extensive background in transformational leadership, AI-driven business strategies, and his journey from New Age teachings to a faith-based mission, is ideal for events focused on leadership, strategic growth, and integrating faith with modern business practices.

Kate, on the other hand, excels in marketing, business development, and personal mastery, with a particular passion for helping leaders navigate the AI revolution while staying true to their values. Her talks are especially impactful for audiences interested in innovation, ethical influence, and blending business acumen with spiritual insight.

Whether you're looking to inspire a large group or seeking targeted expertise for a specific topic, both Jeffrey and Kate can tailor their message to meet the needs of your event. Booking them separately allows you to focus on the particular area of their expertise that best aligns with your goals.
