SPECIALTY IV TREATMENTS

AMINO BLEND & GLUTATHIONE

\$199; Membership \$169

Glutathione helps to detoxify, reduce oxidative stress, fight inflammation, and boost the immune system while amino blend can help boost your metabolism, improve energy levels, increase endurance, and help to burn fat. It also provides your body with essential and non-essential amino acids to promote overall health.

QUENCH

\$199; Membership \$169

Quench can help hydrate and combat fatigue with vitamins and minerals designed to help replace key minerals that are commonly depleted due to long physical activity or poor nutrition. Quench helps regenerate connective tissues, strengthen the immune system, and hydrate your body.

REBOOT/HANGOVER RECOVERY

\$199; Membership \$169

Reboot IV can help ease hangover symptoms of dehydration, headache, nausea, and body aches. It helps to cleanse and flush out toxins and restore energy levels.

RECOVERY & PERFORMANCE

\$250; Membership \$179

Recovery & Performance can help decrease the time it takes to recover and enhance your performance by increasing endurance, stamina, and hydration.

ALLEVIATE

\$250; Membership \$179

Alleviate can help relieve/minimize symptoms of migraines, tension headaches, and menstrual cycle symptoms. These symptoms can include dehydration, bloating, irritability, abdominal discomfort, and lower back pain. This IV is loaded with Magnesium.

COLD & FLU

\$250; Membership \$179

Cold & Flu can help to provide essential vitamins and minerals to hydrate, support the immune system, and combat fatigue and congestion when feeling run down.

VITAMIN C

10gm \$175/15gm \$220/ 25gm \$250/50gm \$300

Vitamin C boosts the immune system, supports collagen production, destroys free radicals, and reduces inflammation. Our bodies cannot make or store vitamin C so it is essential to get this nutrient from our food or through supplementation. IV administration allows you to receive the benefits of large doses without unwanted GI side effects.

NAD +

IV Loading Dose (qty. 5): \$2250

Individual NAD IV: \$399

Injectable \$299 monthly

NAD+ is a vitamin B-3 derivative that is necessary for the production of ATP. It has powerful anti-aging and cognitive benefits, and is used to treat addiction, depression, anxiety, PTSD, and neurological diseases. Each NAD+ IV is administered over 1-2 hours.

ADD-ONS

AMINO BLEND

\$60; Membership \$45

Amino Blend can help boost your metabolism, improve energy levels, increase endurance, and help to burn fat. It also provides your body with essential and non-essential amino acids to promote overall health.

NAC

\$60; Membership \$45

N-acetyl-cysteine can help to replenish the glutathione in our bodies, one of the most important antioxidants. NAC can help as an antioxidant and expectorant to loosen the mucus in your airways and reduce the inflammation in your bronchial tubes and lung tissue.

TAURINE

\$60; Membership \$45

Taurine is an essential amino acid that can help maintain proper hydration, electrolyte, and mineral balance in your cells, with the added benefit of providing more energy.

GLUTATHIONE, 2000MG

\$60; Membership \$45

Glutathione can help detoxify the body, reduce oxidative stress, fight inflammation, and boost the immune system.
