

Puppy Readiness Checklist

Bringing home a puppy is an exciting and life-changing experience, but it also comes with responsibilities. This checklist will help you determine if you're fully prepared to welcome a new furry friend into your home.

1. Lifestyle & Commitment: Are You Truly Ready?

A puppy isn't just a pet-it's a 10-15+ year commitment that requires time, energy, and resources. Make sure your family is on board, your schedule allows for daily care, and you're financially prepared.

2. Home Preparation: Is Your Space Puppy-Ready?

Your home should be safe and welcoming for a new puppy. Puppy-proof your space, designate a sleeping area, and ensure you have a secure yard or outdoor plan for potty breaks.

3. Essential Puppy Supplies: What You'll Need

Stock up on essentials like food & water bowls, a leash and collar, a crate, chew toys, grooming supplies, and cleaning products for house training.

4. Training & Socialization: Laying a Strong Foundation

Puppies need structure! Create a potty training plan, teach basic commands, and introduce your puppy to new people and environments to build confidence and prevent behavioral issues.

5. Health & Veterinary Care: Keeping Your Puppy Healthy

Regular vet visits, vaccinations, deworming, and flea/tick prevention are essential. Find a trusted vet and ensure your puppy gets the care they need for a long, happy life.

Ready to Take the Next Step?

If you checked most of these boxes, congratulations! You're well on your way to welcoming a happy, healthy puppy into your home.
