

Fly High, Seniors!

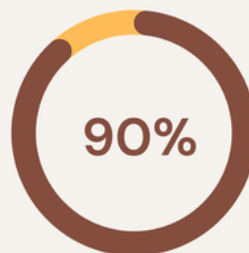

As spring rolls around, we want to take the chance and celebrate our seniors! They have applied to and received acceptances from colleges all over the country. These decisions are a testament to their hard work and dedication throughout high school (partially interrupted by COVID)!

From lab research to soccer to dance, fine arts to international relations to engineering, this class consists of learners, artists, athletes with various majors of interest, hobbies, and backgrounds. We are so proud of each and one of them.

Join us in celebrating College Torch's Class of 2023!

students personally guided.

students report they got into one of their top 3 schools.

EVERY
FAMILY

says that a smooth college process helped at-home dynamics.
