

Helpful Tips for Completing Your LLN Quiz

How Can I Access the Language, Literacy and Numeracy Quiz?

The LLN Quiz **only works** on a:

- Computer
- Laptop, or
- Full size tablet (screen bigger than 9 inches).

If you are using a mobile phone or smaller tablet the quiz will not work properly. The quiz needs a larger size screen to fit all of the information on. Any problems you experience may be because the device you are using is too small. The quiz will load but some parts may not work properly.

If you are using a full-size tablet to complete the quiz, please note to:

Hold it like this.

Not like this.

The LLN quiz can **only** be accessed by using one of the three types of browsers listed below:

- Microsoft Edge
- Google Chrome
- Safari

The quiz **will not** work correctly on Microsoft Internet Explorer.

How long will the LLN quiz take to complete?

There are two versions of the LLN Quiz:

1. Standard:

This quiz is for ACSF Level 3 and takes an average of **30 minutes** to complete.

2. Advanced:

This quiz is for ACSF level 4 and takes an average of **1 hour** to compete.

Note:

The quiz responds to how an individual is answering the questions. If the answers are correct the quiz will move on to more difficult questions. If the answers are incorrect the quiz will move to easier (lower level) questions.

The advanced version of the quiz contains more questions and will take longer to complete if the individual's answers are correct. If the individual has incorrect responses, they will not progress to the more difficult questions and the quiz completion time will be similar to the standard version (30 minutes).

Do I need to complete the quiz in one sitting?

No - you can exit the quiz and pick up where you left off next time you log in. You will be emailed a link that will allow you to re-access the LLN quiz and pick up from where you left off. This link is only available for **7** days.
