Seven Themes of Catholic Social Teaching

1.Life and Dignity of the Human Person **2. Call to Family, Community, and Participation** **3. Rights and Responsibilities** **4.** Option for the Poor and Vulnerable. **5.** The Dignity of Work and the Rights of Workers **6.** Solidarity. **7.**Care for God's Creation.

2. Call to Family, Community, and Participation

The person is not only sacred but also social. [How we organize our society](#) -- in economics and politics, in law and policy -- directly affects human dignity and the capacity of individuals to grow in community. [Marriage and the family](#) are the central social institutions that must be supported and strengthened, not undermined. We believe people have a right and a duty to [participate in society](#), seeking together the common good and well-being of all, especially the poor and vulnerable.

3. Rights and Responsibilities

The Catholic tradition teaches that human dignity can be protected and a healthy community can be achieved only if human rights are protected and responsibilities are met. Therefore, every person has a fundamental [right to life](#) and a right to those things required for human decency. Corresponding to these rights are duties and responsibilities--to one another, to our families, and to the larger society.
