

Green Minds Enterprise *Services*

1. Sustainable Architecture:

If you would like us to design something sustainable related to structures, you can request this service from GME.

2. Sustainable Products:

Similar to sustainable architecture, if you would like us to design a sustainable product of any sort for you, you can request this service from GME.

3. Education

One reason Rodin founded this club was to spread the word of sustainability, and we will be happy to fill you in as well, by giving you sessions, projects, or anything else to spread the word of sustainability as efficiently but also as fun as possible. If you would like to participate in something like this, please request this service from GME.

4. Sustainable Web Design

GME acquires some of the best and most tech-savvy students in the whole school, and they will be happy to assist you with any technological problems or needs that you might have, including building a website. If you would like some sustainability - related tech services from our best tech students, please request this service from GME.

5. Your Sustainable Idea Most Valued

If you have an idea that you would like to represent toward the GME team about sustainability, and would like something unique from us, this service would be perfect for you. The process can be 2 way, and we would learn from you! So if you have a sustainable idea which is not on our service list, but you would still like to pursue it, please contact us and request this service.

6. Other sustainable practices

If you have any questions that might have not already been answered regarding our services or other sustainable practices, please contact us at greenmindsenterprise.club@gmail.com, and let us know! We are happy to hear from anyone at GME.
