

Chapter 1 - Cultural Humility is the Key to Leading Exceptionally

In the opening of this chapter, I described the watershed moment that started me on this journey. I encourage you to take five to ten minutes to identify a watershed moment for yourself. What happened in your journey that inspired you to pick up this book? Whatever it may be, take some time and write it down. This will help you lean into this experience as you begin to develop a posture of cultural humility.

Take time to reflect on the characteristics that comprise a sense of belonging and note those you believe your organization exhibits. How many can you identify? Are you happy with the quality? If you are, why? If you aren't, what would it take to develop more characteristics and a deeper sense of belonging?
