Hello _____,

Congratulations on enrolling as a LifeVantage preferred customer and taking this step toward healthy living. Your first order will arrive in about 3-5 business days and your monthly subscription order will ship on the ___ of each month after that. I have included some important information here, so please save this for your records and future reference.

As a preferred customer, you have full access to your subscription and your LifeVantage profile where you can update your personal information, change your subscription order, or order extra products. You can access your account at www.lifevantage.com. You should have received an email from LifeVantage with these details too!

If you have any difficulties, adding orders or making any changes to your monthly subscription, text or call me! I'm here to help you! Promise me you won't hesitate! :) My cell is _____.

I have attached a personal evaluation form that helps give you a baseline of where you're starting and also helps you track your progress month to month. This is important to see what REALLY is changing within your body, although some great changes may not be felt, like better cholesterol levels, it's proven to be working on the inside 100% of the time!

Also, remember as a customer you enjoy a 10% discount for any items on your subscription and for each \$100 USD you spend you earn a \$5.00 Reward Credit. You can redeem those rewards credits on every \$50 you spend. You can also stack the savings, spend \$100 use 2 credits, and spend \$150 use 3 credits.

To automatically apply your credits, be sure to turn on the "redeem credits" toggle switch on your subscription screen. I'll be sending you a short video on exactly how to do this.

Again, please feel free to contact me at any time should you have any questions or wish to refer a friend who could benefit from these amazing products. Welcome to the LifeVantage family! Life will never be the same!

Make sure and keep this email in a safe place for future reference.

To your health and happiness,
