

EDGE COMMUNITY SERVICES

NEW GROUP PROGRAMS!

EDGE Community Services is proud to announce the welcoming of two new group programs!

Beach Group Program and **Farm Group Program**

These new programs utilise participant's core funding in a unique way to provide opportunities and build skills in an alternative environment away from home for 3 nights.

Run over 4 days Monday - Thursday, these groups have a focus on skill development, making new friends, venturing out into the community, and participating in daily activities like meal preparation and development of life skills.

Our Beach and Farm Group Programs can also be an alternative option for Short-Term Accommodation and Respite, giving participants the chance to get away, build new skills within the community and work towards their goals in a group setting.

Contact us now for more information or to make a booking!
