SCABBARD AND BLADE is the national honor society for outstanding cadets and midshipmen from the Army, Navy, and Air Force Reserve Officers Training Corps of junior or senior rank. Nominees are selected by the active members on the basis of their leadership, potential, academic standing, and interest in their respective programs.

The purpose of SCABBARD AND BLADE is to further the interest of the military service by promoting better understanding and co-operation between the armed services.

The National Society of SCABBARD AND BLADE was founded at the University of Wisconsin in 1904. The Texas Chapter, G Company, 8th Regiment, was founded in 1949.

DEPARTMENT OF NAVAL SCIENCE

COLONEL WILLIAM A. KENGLA
Professor of Naval Science

COMMANDER DALE CALVIN REED
Professor of Naval Science

The University of Texas is one of 53 Universities having Naval ROTC Units on campus. Since September, 1940, thousands of students have received commissions as Ensigns, United States Navy, or Second Lieutenants, United States Marine Corps.

The NROTC Unit is composed of two types of students. Regular Midshipmen are selected on the basis of nationwide competitive examination and interview for entry into the Regular program—which is designed primarily to procure career type officers for the Navy and Marine Corps. Contract Midshipmen are selected by the Professor of Naval Science at the University on a basis of local examination and interview for entry into the contract program—which is designed primarily to procure Reserve type officers for the Naval Marine Corps Reserve.

Midshipmen receive valuable training during the summer months when they embark on cruises of 6-8 weeks duration. Textbook knowledge is supplemented with practical seamanship and knowledge gained on Naval Air Stations, Marine Corps Bases, Destroyers, Submarines, Carriers, and Cruisers located from San Diego, California, to Sasebo, Japan.
