

How to pet the horses at The Red Barn

While I am at the Red Barn, I will use my walking feet.

I will ask permission before petting the horses.

I will make sure my feet are a safe distance away from the horse's feet.

I can pet the horse on the neck, shoulder, or back.

I will not touch the horse's face.

I will pat the horse when I walk behind them so they know where I am.

It is time to say goodbye!
