To whom it may concern

We have been using Creative Conversions for the management and for promotional campaigns for the past few years.

Kanya and her team take care of everything, from promotional material design right up to campaign launch, and the automated booking system is terrific at converting leads. Being a business owner herself helps tremendously.

We have seen a marked improvement in appointments booked and kept, and regularly receive praise for our online presence, for which Kanya is almost solely responsible.

I would recommend her services and expertise to any business looking to improve their online presence and exposure to potential clients.

Kind Regards
