

EVENTS COOKIE POLICY

Effective Date as of September 2023

This Cookie Policy (“Policy”) explains how we, MKX Network, use cookies and similar technologies when you visit our website www.mkx.wealthdominance.com (the “Website”). This Policy is part of our privacy policy, which also includes additional details about our information collection and usage.

What are cookies?

A cookie is a small text file that is stored on a user’s device (such as a computer, smartphone, or tablet) by a website when the user visits it. Some cookies are used to ensure that a website functions properly or to provide a service that the user has explicitly requested. Cookies are used to track user activity on a website, remember user preferences, provide a personalized browsing experience. Cookies can be either temporary (session cookies) or permanent (persistent cookies). Session cookies are stored only for the duration of a user’s visit to a website, while persistent cookies remain on a user’s device even after they have left the website. Cookies can also be classified as first-party cookies, which are set by the website that the user is visiting, or third-party cookies, which are set by a different website than the one the user is visiting (such as an advertising network or an analytics service).

Our Website is designed in a way that does not require cookies to be created by our server and sent to the user’s browser, and therefore we do not expose you to cookies.

Changes to this policy

We may update this Cookie Policy from time to time in order to reflect, for example, changes to the cookies or related technologies we use or for other operational, legal or regulatory reasons. However, you will always find the most recent version on this page. Please therefore re-visit this Cookie Policy regularly to stay informed about our use of cookies and related technologies. The date at the top of this Cookie Policy indicates when it was last updated.
