

RESTAURANT DIRECT

An integration with

Order with **Google**

Discover an exciting new way of digital ordering

“Restaurant Direct” is a simple solution optimized for maximum conversion

- Customers find your restaurant through Google Search or Maps
- They select items from your Google menu & complete the transaction within the Google Platform with zero commissions.
- ☒ Our system sends your orders directly to your POS for automatic processing

RESTAURANT DIRECT CAN ENABLE RESTAURANTS TO TAP INTO A NEW & STEADY REVENUE STREAM

- ✓ **Unlock a new channel for more orders** - Tap into the millions of customers already ordering food through Google Search and Maps each day. Convert organic searches into sales!
- ✓ **Offer a seamless ordering experience** - Enable customers on Google to find, order and reorder from you in a few taps.
- ✓ **Save Time with Real-time Syncing** - We send orders placed on Order with Google straight to your kitchen printer. Automation at its best!

Integrate Restaurant Direct and accept food orders through Order with Google **TODAY!**
