# INTRODUCTION

*Welcome to: Color Left! A Women's Coloring Journey: Love, Growth, Connection (For Left Handed Women)*

This book is your space to explore, reflect, and grow through creativity and self-discovery.

Across four chapters, you'll journey through the themes of Self-Discovery and Self-Love, Kindness and Compassion, Building Connections and Relationships, and Spreading Positivity and Love.

Each chapter contains 10 pages, each with a focus topic and journaling prompt to guide your reflections.

On the right-hand side of each spread, you'll find a coloring design inspired by the chapter's theme. The designs start intricate and complex and gradually become simpler as you progress. This mirrors the journey of learning about love and relationships—at first, things can feel hard and complicated, but with experience, confidence, and the support of a community, life becomes more fulfilling and feels lighter.

# INTRODUCTION

**Building Connections and Relationships:** Dive into the richness of human connection, celebrating the bonds that bring meaning and joy to life.

**Spreading Positivity and Love:** Reflect on how you can create a ripple effect of love and positivity to make the world a better place.

## **Tips for Use:**

To get the most out of this book, we recommend using crayons, colored pencils, or markers that won't bleed through, so your reflections stay clear and vibrant. Remember, this book is for you—take your time, embrace the process, and enjoy the journey one thoughtful and colorful page at a time.

## **About the Layout:**

I've intentionally added a margin around each picture instead of extending them to the edges. This design choice makes coloring more convenient and enjoyable for you. Plus, if you'd like to remove a page to frame your finished masterpiece, the margin makes it much easier to do so.
