

A modern kitchen with white cabinetry, a large white island with a brass faucet, and a stainless steel refrigerator. The background is a high-quality photograph of a contemporary kitchen interior. The island has four white bar stools with chrome legs. The countertop is a light-colored, solid material. The backsplash is white subway tile. The lighting is bright and even.

HOME WEALTH CHECKLIST

By

ANNE MARIE
RICHARDSON

**COLDWELL
BANKER**

MEET ANNE MARIE

I am born and raised in Calgary and as such am known through many avenues. A previous Hair Salon owner, Renovator, a member of the Croatian community, an avid golfer, a past hockey and soccer Mom or through my 2 children Cole and Sidnee. More currently since 2008 I am, and have been, a full time REALTOR®.

Before my years as a REALTOR® and Certified Condo Specialist, I personally directed the renovation of six properties, while at the same time running a successful business. I have been involved in sales since 1990 and have successfully been working with people in the public since 1998.

I specialize to assist in all parts of the city and bordering communities as my experience and background has led me to all parts. I focus in where you want to live or where you want to move from. I have many networks of people to assist you, whether it's renovating, mortgage assistance, a great home inspector or lawyer? My goal is to ask plenty of questions and not make assumptions; I am here to help you get you what you want. Real estate is one's largest investment for your future and needs to be looked after with much care.

I am with the real estate brokerage of Coldwell Banker Mountain Central.

I believe in this brokerage for several reasons. They are a technology focused, global centre, and offer constant education and training as a realtor. This fully integrated system gives me a competitive advantage against any agent and allows me to be forward thinking in this quick changing world we live in to benefit the people.

Those who have graced my life have always been a gift, contributing to my success through their referrals. I strive to continue this success whether you want to buy, sell, or see what investment opportunities are out there.

I Guarantee you:

Honesty, Transparency, High Communication with my utmost attention and dedication to RESULTS.

MY COMMITMENT TO YOU

01

GETTING YOU IN THE DOOR

I will narrow down the homes that fit your unique wants and needs get you in the door! Looking at dozens of homes every week, I can help you identify potential problems within a home.

02

HANDLING CHALLENGING CONVERSATIONS

When repairs or changes in price need to made, I will be your guide and handle requesting any repairs or changes in price to the sellers.

03

STAYING ON TOP OF THE PAPERWORK

Buying a home involves many types of documentation. I have the experience and knowledge to navigate real estate contracts. Ensuring that nothing is overlooked and that you truly understand what a paper means before ever signing.

04

NEIGHBORHOOD EXPERT

Working daily in neighborhoods with inspectors, contractors, and negotiating with sellers, I have the market knowledge you need to get the best results from your purchase. Understanding the local real estate market can go a long way when it comes time to make an offer on a house.

05

PROBLEM SOLVER

I will work hard to protect all of your interests and take on any issues that may arise throughout the entire process. Hopefully making buying a home a fun and stress-free process.

GENERAL

- ☐ **Windows:** Check that they open and close easily. Any broken panes? Are there any windows that are clouded because of broken seals?
- ☐ **Doors:** Check that they open and close completely. Do they stick? Lock? Scrape the floor at any point?
- ☐ **Floors:** Any creaking? Obvious unevenness? Place a marble on the floor and see if it rolls to check for a slant. (Do the marble test in multiple locations in the house.)
- ☐ **Walls:** Any holes?
- ☐ **Trim:** Any damage or missing pieces? Animals can be brutal to wood trim, and matching old trim is almost impossible.

GENERAL

- ☐ **Lights:** Turn on every light switch to make sure they work. (Note: If the home is unoccupied and the power is turned off, this won't be possible.)
- ☐ **Stairs:** Walk up and down the stairs and touch every spindle on the railing. Do they seem sturdy or wobbly? Do the stairs creak? Are any parts missing?
- ☐ **Outlets:** Get a voltage tester at your local big box home improvement store for less than \$20 and test every single outlet.
- ☐ **Furnace:** Look at the furnace. Are there any stickers that indicate the installation date or recent service visit?
- ☐ **Water Heater:** Check for water around the base of the water heater. Any stickers on this to indicate installation date?

KITCHEN

- ☐ **Cabinets/Drawers:** Open every cabinet and drawer, then close again. Do they move smoothly? Does anything prevent any of the doors or drawers from easy use?
- ☐ **Oven:** Open and inspect the oven. Does the door open slowly, indicating the springs still work? What is the condition of the oven? Turn on the oven to make sure it works.
- ☐ **Stove:** Turn on each burner on the stove. If gas, turn on and turn off before turning the next one on to make sure they all turn on by themselves, rather than catching the flame from an adjacent burner. If they all work individually, turn them all on to make sure they all work at the same time. If electric, just turn them all on.
- ☐ **Fridge:** Open the refrigerator/freezer doors. Do they open easily?
- ☐ **Dishwasher:** Open and inspect the dishwasher. Do the springs work on the dishwasher door? Does it lock properly?

KITCHEN

- ☐ **Faucet:** Run the water in the sink. How is the pressure?
- ☐ **Garbage Disposal:** Does the garbage disposal run? (Don't forget to turn on the water before you test it.)
- ☐ **Microwave:** Open up the microwave and take a peek inside. Turn it on to see if it works — but don't let it run for very long.
- ☐ **Hood:** Turn on the range hood fan and light to make sure they work. Peek underneath to check for filth — this is a commonly overlooked area for cleaning.
- ☐ **Countertops:** Look at the countertop and check for chips and cracks.
- ☐ **Tile:** Check the floor for cracked tiles.

BATHROOMS

- ☐ **Plumbing/Drainage:** Flush the toilet. Fill up the sink and tub and then let the water run out to test for backups or poorly performing drains. Check for leaks from all faucets.
- ☐ **Flooring:** Any broken tiles?
- ☐ **Toilet:** Does it rock or is it solidly on the floor?
- ☐ **Tub:** Any cracks or chips?
- ☐ **Vanity:** Check the condition. Make sure to open it up and check the inside, too.
- ☐ **Ventilation:** Does the fan work? Is there a window? Does it open and close easily?

BEDROOMS

- ☐ **Closets:** Do closets have doors? Do they open and close easily?
- ☐ **Windows:** Open and close all windows.
- ☐ **Flooring:** Check the state of the flooring — does carpet have stains, wear spots, etc? Is the hardwood scratched and damaged?

LIVING/DINING/FAMILY ROOM

- ☐ **Doors:** Any doors? Do they open and close easily?
- ☐ **Flooring:** What is the state of the flooring?
- ☐ **Walls:** Are there any holes or other damage in the walls?
- ☐ **Windows:** Do the windows work? Are they vinyl, wood, aluminum?
- ☐ **Fireplace:** Does it work and has the flu for the fireplace been checked recently?

BASEMENT

- ☐ **Odor:** What does it smell like? An overpowering odor can be mold or mildew.
- ☐ **Walls:** Do the walls have any cracks? Small, hairline cracks are not so concerning, but large cracks — especially horizontal cracks — can be an indicator of bigger foundation problems.

EXTERIOR

- ☐ **Sprinkler:** Turn on the sprinkler system.
- ☐ **Lights:** Turn them on. Test Outlets.
- ☐ **Fence:** Walk the fence to check for loose boards and the overall sturdiness of the fence.
- ☐ **Siding:** What is the condition of the siding?
- ☐ **Roof:** Go to the South side of the house and look at the shingles. The South side gets the most sun, and curling or buckling can be an indication that the roof needs work.
- ☐ **Garage Door:** Does the garage door(s) open and close easily?

THANK YOU!

I HOPE THIS GUIDE SERVES YOU WELL. THE HOME BUYING AND SELLING PROCESS CAN BE OVERWHELMING, AND WE ARE IN THIS TOGETHER. LET ME KNOW IF YOU NEED HELP OR HAVE ANY QUESTIONS!
