

PwC Campus Contender 2024

Team Formation Process

After registering, the participant needs to be a part of a 4 members team, which is mandatory.

This can happen in two ways:

1. Create a team of your own as a team leader
2. Join a team as a team member

Important criteria that applies to team formation

1. Only eligible registered members can participate in the team formation process. Refer to the Eligibility section for the same.
2. Team size should exactly be 4. The teams with less than 4 members won't be able to attempt the Round 1.
3. Teams can only be formed with students from the same college. Cross college team creation will not be allowed. Teams can be formed across different specializations within the same college but all of the team members should be in their final year.
4. Every team will have a team leader who created the team. Only team leaders can participate in round 1. Other team members will not have access to take test, upload case submissions etc.
5. Diversity is preferred in every team. Each team will comprise of 4 members from the final year batch with one female representation preferred.

Team creation process

1. Any eligible participant can create a team. For each created team, a unique team code will be generated which will be used in inviting other team members to join the team.
2. To create a team, you need to give a unique name and create a team.
3. Once you create a team, you're automatically the team leader.
4. You can invite others to join your team by using the invite link or team code.
5. You can leave the team and join other teams as well. Once you leave the team with other participants present, they will be given the new team captain role.
6. You cannot add team members from other colleges.
7. Once your team size is 4, you cannot add new team members.
8. Team will be frozen once the registration timeline is crossed and no change can be made post the deadline.

Joining a Team process

1. To join a team, you need the invite link from the team members or the unique team code (not the team name).
2. Enter the team code or click on the invite link, our system will check for team eligibility rules and then either add you to the team or inform you that you can't be added to the team.
3. You can also request other teams to get you added to their team. Search for teams and send a request mail for them to agree to get you added to their team.
4. If you don't belong to the same college as the team members, you can't join the team.
5. You cannot join the team if there are already 4 members in the team.
6. Team will be frozen once the registration timeline is crossed and no change can be made post the deadline.

Team search/invite process

1. Search for teams or participants without any teams using the search feature.
2. We list all the applicable teams and members from your college in the list to help you form a team and finish the registration.
3. If you already have a team but if you wish to join other teams, you can leave your current team and join other teams.
4. Sending request to join, invite will be decided whether the other team members are willing to accept/join you.
