

# JAGSoM Presents: Next Gen Minds

## Team Formation Process

After registering, the participant needs to select whether they would like to participate in the contest individually or in a team of up to 3 members. **Once you confirm your team as an individual or by adding team members, no changes can be made.**

## Individual Participation

Follow the following steps to participate individually:

1. Register yourself with your details.
2. Once you are registered, click on the Confirm Team button and Lock your individual team and you will be registered as an individual participant.

## Team Participation

Team participation can happen in two ways:

1. Create a team of your own as a team leader.
2. Join a team as a team member.

## Important criteria that apply to team formation

1. Only eligible registered participants can participate in the team formation process.
2. Team size cannot exceed 3 members.
3. Teams can include members from different academic years, courses, or colleges.
4. A participant can only be part of one team.
5. Every team will have a team leader who created the team.
6. Only team leaders can participate in round 1.
7. Other team members will not have access to take the quiz.

## Team creation process

1. Any eligible participant can create a team.
2. For each created team, a unique team code will be generated which will be used to invite other team members to join the team.
3. To create a team, you need to give a unique name and create a team.
4. Once you create a team, you're automatically the team leader.
5. You can invite others to join your team by using the invite link or team code.
6. You can leave the team and join other teams as well.
7. Once you leave the team with other participants present, they will be given the new team leader role.
8. The team will be frozen once 3 members join the team.

## **Joining a team process**

1. To join a team, you need the invite link from the team members or the unique team code (not the team name).
2. Enter the team code or click on the invite link, our system will add you to the team or inform you that you can't be added to the team if you don't meet any criteria.
3. You can also request other teams to get you added to their team.
4. Search for teams and send a request mail for them to agree to get you added to their team.
5. You cannot join the team if there are already 3 members in the team.
6. Once a team is frozen, no change can be made to the team.
