

2024 MISSOURI FOOTBALL

POSTGAME QUOTES VS. ARKANSAS – NOV. 30, 2024

Arkansas Head Coach Sam Pittman

Opening Statement...

"Brady Cook and his group did a fantastic job on that last drive."

"I'm disappointed we didn't beat Missouri. I'm disappointed for our kids. I'm disappointed for the fans. Not disappointed in the effort, but in execution."

On turnovers...

"It's very frustrating. We work ball security every week and putting emphasis on it. That's part of the keys to ways we can win, and especially we knew today with the weather and how it was, whoever turns the ball over last is going to win, and that's exactly what happened."

On giving Missouri credit...

"You give them credit because they pulled the ball out. You certainly give those guys credit, they've got a good football team."

On Landon Jackson injury...

"Landon's not only one of our better players, but he's a great kid and a great leader for us and a great family. So, yes, it's scary, and especially when I'm not able to be on the sideline seeing him. Obviously, we would love to have him out there for the other three quarters, but more importantly, he's healthy, and we're happy about that."

On leading the country in fumbles...

"We'll try to fix it, but the bottom line is we can't be carrying the ball loose. You're going to turn it over some, but there's just not going to turn it over and have that kind of stat if you're not loose with the football. Obviously that all falls on me, and we've got to do a much better job of that."

On Missouri's first 7-0 record at home...

"They know how to win. They win all the close games it seems like this year, and it seems like it goes down to that last year. He's (Coach Drinkwitz) really good at calling plays and the kids executing it. We knew that whenever we went up by one, certainly nervous because they've executed that drive several times."
