

2025 MISSOURI FOOTBALL

POSTGAME QUOTES – ALABAMA – OCT. 11, 2025

HEAD COACH KALEN DEBOER

Opening statement...

“Great road win for us, against a really good football team. Lot of respect for Coach Drinkwitz and what these guys are doing here at Missouri. But we did the job. We got the job done, proud of just the fight. We give up a touchdown early, we answer the call, and then each side of the ball covering for each other. We fumble early in the right way in the second half. And short field, I know they scored a touchdown there, but defense came back out their next couple drives. And just continued to play ball, and even though we made some plays in critical moments at the end. We also could have done a better job, I think, of really putting the game away. At other times throughout the game, it might not even be in the fourth quarter, might have been in the third quarter. So again, that's football. We found a way to win. We got the takeaways, a lot of crazy moments between balls on the ground that we maybe didn't get a hold of, and things like that, and a lot of looks from the officials on the calls and the spots and things like that. But just give you guys the update on Jamarian Miller concussion and Derek got a concussion as well.”

Update on Jamarion Miller and Derek Meadows...

“Just to give you guys an update on Jamarion Miller concussion, Derek got a concussion as well”.
