

# 20 hours to 20 minutes

A story of process, automation, and being lazy

Charles Rumford

@tallwireless

Network Engineer/Deft

**LESS NAT  
MORE v6**

## The Task

Drain traffic of routing device  
to perform maintenance

**LESS NAT  
MORE v6**

# The Process

Gather Requirements

Building User Stories

Build a MVP

Improve! Improve! Improve!

**LESS NAT  
MORE v6**

# Draino

Python Based Automation

Configurable

Plugin Based

Quick exit points

Idempotent and State Driven

**LESS NAT  
MORE V6**

## Take Aways

Document. Document! DOCUMENT!

Can't automate that which doesn't exist

Review, question, and interrogate the process

MVPs are you friend.

Iterate. Iterate! ITERATE!
