

STATE OF NORTH CAROLINA  
DEPARTMENT OF ARCHIVES AND HISTORY  
RALEIGH

May 13, 1963

Mr. Robert B. Barker  
Attorney at Law  
2710 Webster Street  
Mt. Rainer, Maryland

Dear Mr. Barker:

Thank you for bringing the material in and letting us have a chance to look over it. We have reviewed all of your documents relating to Fremont and the Cherokee removal. With additional research it might be possible to produce an interesting and worthwhile paper on the Cherokee survey and the subsequent Cherokee removal. Whether or not there is sufficient material to do much on the matter of Fremont is a bit hazy. I do not believe that the documents themselves would be of particular interest unless a considerable amount of explanatory material was added in the form of footnotes and textual matter to supplement the documents.

If you decide to edit the material or write an article, I shall be happy to have you submit it to us so our Editorial Board will have a chance to consider the possibility of publishing the material in The North Carolina Historical Review.

It was a pleasure to meet you, and I hope that you will drop by again. We are enclosing the photostats and other material.

Sincerely yours,

(Mrs.) Memory F. Blackwelder  
Editor
