August 12, 1966

Mrs. Mary Faye Brumby  
Representative for Cherokee County  
Box 6  
Murphy, North Carolina

Dear Mrs. Brumby:

We worked up the enclosed statement on Fort Butler for whatever use it may be to you and the Murphy group interested in Fort Butler. Dr. Crittenden has read and approved the statement. We would like for you to regard our recommendations and suggestions against the background of the recent moratorium idea approved by our Executive Board and by the Historic Sites Advisory Committee, a copy of which is attached as it appeared in a recent issue of CAROLINA COMMENTS. It will probably tend to place the matter in a better perspective.

We will keep you posted as new developments occur in the research project. In the meantime, please call on us if we can be of further help.

With cordial good wishes--

Yours sincerely,

W. S. Tarlston  
Historic Sites Superintendent
