Dear Bob:

Here is the Fremont-Cherokee survey material you wanted returned. Professor Folmsbee wanted to make Xerox copies of some of the material (the manuscripts, but not the Fremont biographical information nor the photographs), and he did so to use in checking the research on the paper they are going to submit to the North Carolina Historical Review or East Tenn Historival Society's Publications.

I would enjoy seeing a copy of the article the Murphy paper does on this survey.

My best wishes to you and Mrs. Barker.

Cordially,

Steve Cox
