Dear John:

Thank you for sending me the information about the public workshops on the proposed Trail of Tears national historic trail.

It will not be possible for me to attend the workshops next week in Cape Girardeau. I am forwarding the information to Frank Myers in Ste. Genevieve who is the Missouri Heritage Trust Board member closest to the workshops. I hope it will be possible for him to attend and report to us. It should also be of interest to him as someone who is very active in preservation in Ste. Genevieve.

Sincerely yours,

Ozzie
