I picked this information up at my
Buttsville, Ore. meeting. If you get an
interest, it might be valuable to have
the info provided by Mr. Watts plotted
on a larger scale map. I have the map
on which Mr. Watts has plotted the movement
through Izard Co. If you would like it,
I'll send it to you.

I hope everything went as planned
and you are now a proud and beaming
FOP'er!
