naviHealth
Guiding the Way®

Get the patient facts – STAT

nH Access is a secure, online portal that simplifies communication and authorizations for more timely and appropriate patient care decisions.

Simplify Your Workflow

- Securely submit initial and continued-stay patient authorization requests, as well as submit discharge summary and therapy service logs for all levels of care

- View all your facility's naviHealth-managed patients and authorization statuses in real-time and receive email notifications for patient status updates

- Expedite the determination for authorizations — submit and view patient's eligibility for "Rapid Review" directly from the portal

- Access and upload important documentation in one convenient place

- Communicate directly with naviHealth clinicians when you have questions

Discover the benefits of **nH Access** for yourself.
