

## About Foundation World School

FOUNDATION WORLD SCHOOL (FWS) is a school with an international curriculum (Affiliated with Cambridge International Education) and an ambitious agenda for the future. The school aims to encourage growth of responsible young leaders equipped with intellectual skills, social abilities, and strong values to shape the future of the world.

We believe that there are opportunities for learning everywhere, not just within the four walls of a classroom. We push our students to think outside the box, to take calculated risks, to voice their opinion and reflect on the experiences they have gained. We firmly believe that education is a tripartite establishment among students, parents, and teachers.

Our curriculum comprises prudently designed learning experiences that extend well beyond the purely academic sphere; to develop in our students an intense sense of self respect, healthy interpersonal relationships, and the skills to survive and thrive in today's world.

## Declaration
