<p>Screen recording of Credly Start on the dashboard page of Credly's website. Mouse will follow the prompts timed with the audio.</p>		<p>You'll first need to make your Credly profile - and your individual badges - viewable to the public. To manage your privacy settings, log in to your Credly account. Select "Settings" from the menu</p>	<p>Use sketch motion circle and arrow to highlight focus points timed with audio</p>

		<p>Select "Privacy & Security" from the left-hand menu</p> <p>You'll see a toggle option that states "Allow my profile to be publicly visible"</p> <p>Toggle the option on, to set your profile to public.</p> <p>Next, select badges from the menu.</p> <p>Click on the badge you want to include in your portfolio.</p> <p>Now, click share.</p> <p>You'll want to download an image of the badge you selected. Let's keep the image at the default size. We can always adjust the size in WIX. After the image has downloaded, close this box.</p> <p>Now, click on public link and copy the link.</p>	<p>Pan and zoom closer to "setting" timed with audio</p> <p>then back to full screen</p> <p>Fade into next scene</p>

Visual / Display:	Slide Text:	Narration / Voiceover:	Animation / Interaction:
<p>Screen recording of WIX site Start on the page the Credly badge will be added to. Mouse will follow the prompts timed with the audio.</p> 		<p>Our first step is to add an element to this page. The element we're adding is the image of your Credly badge. So, Select Image then click on upload image. Now, you can drag and drop the image or upload it from your computer. I'll show you how to do both. To drag and drop, simply drag the file and drop it in the center of the box and there it is.</p> <p>To upload the file from your computer, click on the upload from computer button, You'll then want to select the file needed and click open</p> <p>When the file is loaded into WIX click add to page.</p> <p>Now let's make this a little smaller and centered. Next, we need to add the public link to your badge that you just copied.</p> <p>Adding this link will allow visitors to your portfolio the ability to see the competencies and skills you displayed to earn this badge.</p> <p>In the menu above the image of your badge, Click on the link icon</p> <p>In the pop up box, select "web address"</p>	<p>Use sketch motion circle and arrow to highlight focus points timed with audio</p> <p>Start cursor effect spotlight when the audio says "simply drag the file..." and stop the effect when the audio says "and there..."</p> <p>Fade into next scene</p>

		<p>from the menu on the left</p> <p>It's time to paste the link in the designated field.</p> <p>You can decide if you want this link to open in a new window or the current window.</p> <p>Let's select "new window" then click the "done" button.</p>
