Summary: The TEAK GPS was recovered and all D17 data sent to the GPS data collector via modem. We have now completed data collection at D17, and are focusing on shipping and maintenance activities.

Issues/Concerns: None.

Comments: We checked out of the Hotel Kit room and all Pony Express RAIDs have been shipped to Denver. Tomorrow we will collect the FBO GPS, ship the air conditioning system to Fairbanks, and begin the NIS2 warming procedures, collecting NIS Temp and Pressure telemetry along the way. Maintenance will begin Wednesday.
