Sunny Skies this morning quickly clouded up with low cumulus just at the start of solar angle, also with the usual afternoon thunderstorms. More favorable skies are forecast at some of the flight locations in the next few days.

Concerns
--The crew was able to duplicate the GPU failure during a controlled test and this information was relayed to the manufacturer. This unit will be shipped back to the manufacturer for more testing and repair. The replacement GPU has arrived and has been swapped in.

Comments

--GPU was swapped with replacement.
