Summary

No flights were conducted today due to an issue with the #2 engine on the plane. A mechanic from TOIL is on their way to fix the problem and they believe it will be ready to fly sometime tomorrow. Due to the weather, flights probably would not have been conducted anyway. A good weather window looks like it is opening in this region starting on Thursday and extending into the weekend.

Concerns

-#2 engine on the Otter requires maintenance.

Comments

-Mercury Lamp test was conducted today.
