Ground Crew: Cameron

Summary

The crew arrived to Bob Hope Airport in Burbank today and settled into the hangar right in front of the JPL’s King Air. The crew and lab staff will meet with JPL staff tomorrow to troubleshoot the NIS.

Concerns

-NIS...

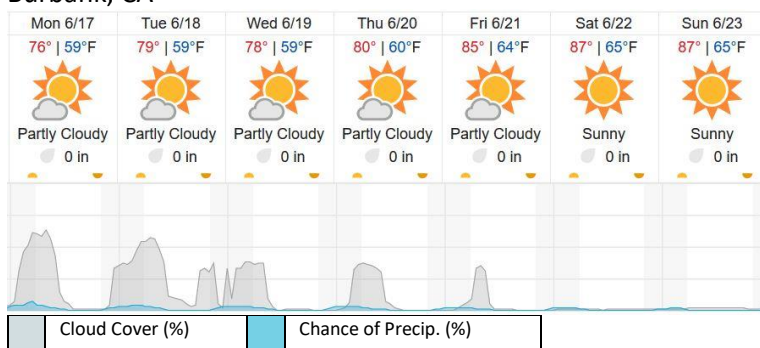

Comments

-TOIL will do the 150 hour inspection here in Burbank. They will most likely start mid-week after we have a better idea what we can do for the NIS issues. This inspection will take about 2 days to complete.

-The hotel kit was not set up and will only be turned on if the need arises. IF anyone needs remote access to the HK this week please reach out to Abe or Cam.

Weather Forecast

Burbank, CA
