COOKIE POLICY

LAST UPDATE: February 2020

IMPORTANT NOTICE: PLEASE READ CAREFULLY BEFORE USING THIS WEBSITE

This policy explains how cookies are used on this website. The policy may be amended from time to time. When we do, we will let you know by appropriate means such as by posting the revised policy on this page with a new “Last Updated” date. By using this website, you agree to the placement of cookies on your computer in accordance with the terms of this policy. If you do not wish to accept cookies from this website, please either disable cookies or refrain from using this website.

1. What are Cookies?

A cookie is a small piece of data that a website asks your browser to store on your computer or mobile device. Cookies are designed to hold a modest amount of data specific to a particular client and website, and can be accessed either by the web server or the client computer. The cookie allows the website to deliver a page tailored to a particular user, cookies “remember” your actions or preferences over time.

2. Types of Cookies

There are two main types of cookies according to their duration:

- **Session cookies:** these are temporary cookies that expire at the end of a browser session; that is, when you leave the website. Session cookies allow the website to recognise you as you navigate between pages during a single browser session and allow you to use the website most efficiently. For example, session cookies enable a website to remember that a user has placed items in an online shopping basket.
- **Persistent cookies:** in contrast to session cookies, persistent cookies are stored on your equipment between browsing sessions until expiry or deletion. They therefore enable the website to “recognise” you on your return, remember your preferences, and tailor services to you.

We categorize the cookies based on their purpose as well:

- **Necessary cookies:** Necessary cookies help make a website usable by enabling basic functions like page navigation and access to secure areas of the website. The website cannot function properly without these cookies.
- **Preference cookies:** Preference cookies enable a website to remember information that changes the way the website behaves or looks, like your preferred language or the region that you are in.
- **Statistics cookies:** Statistic cookies help website owners to understand how visitors interact with websites by collecting and reporting information anonymously.
- **Marketing cookies:** Marketing cookies are used to track visitors across websites. The intention is to display ads that are relevant and engaging for the individual user and thereby more valuable for publishers and third-party advertisers.
- **Unclassified cookies:** Unclassified cookies are cookies that we are in the process of classifying, together with the providers of individual cookies.

In addition to session cookies and persistent cookies, there may be other cookies which are set by the website which you have chosen to visit, such as this website, in order to provide us or third parties with information.

3. Our use of Cookies

We currently use, and may use in the future, the following types of cookies on this website.

We use session cookies to:

- help us maintain security and verify your details whilst you use the website as you navigate from page to page, which enables you to avoid having to re-enter your details each time you enter a new page.

We use persistent cookies to:

- help us recognise you as a unique user when you return to our website so that you do not have to input your details multiple times as you move between our pages or services
- remember how you have customised your use of this website, such as your preferred currency and time zone
- collect and compile anonymous, aggregated information for statistical and evaluation purposes to help us understand how users use the website and help us improve the structure of our website.

Many cookies are designed to give you optimal usage of the web. For example, we use cookies to enable you to improve your user experience when using our website, e.g. a cookie which recognises if your browser supports specific technology features. This helps, for example, in enabling web pages to be loaded more quickly when you request the download of a large file.

In addition to cookies which send information to us, we also use cookies which collect information and send it to third parties. An example of this is Google Analytics. We use Google Analytics to help collect and compile information like the number of visitors to the website, where visitors have come to the website from and the pages they visited. Visit Google's site for [an overview of privacy at Google](#) and information on [how to opt out of the Google Analytics cookie](#). Where this site allows such cookies to be set or you access other websites from this site using the links provided, the operators of these websites will use cookies in accordance with their own cookies policy, which may differ from ours.

As with first party cookies, you can block third party cookies through your browser settings.

Some of our cookies may collect and store your personal information, such as your name or email address. We are committed to respecting and protecting your privacy and will ensure that all personal information collected by us is kept and treated in accordance with our privacy policy. A link to this policy is available within the footer in the Terms&Privacy of this portal or alternatively upon written request sent to info@nextgatetech.com.

4. Refusing Cookies on this Website

Most browsers are initially set to accept cookies. However, you can disable cookies if you wish, generally through changing your internet software browsing settings. It may also be possible to configure your browser settings to enable acceptance of specific cookies or to notify you each time a

new cookie is about to be stored on your computer enabling you to decide whether to accept or reject the cookie. To manage your use of cookies there are various resources available to you, for example the “Help” section on your browser may assist you. You can also disable or delete the stored data used by technology like cookies, such as Local Shared Objects or Flash cookies, by managing your browser’s “add-on settings” or visiting the website of its manufacturer. As our cookies allow you to access some of our website’s features, we recommend that you leave cookies enabled. Otherwise, if cookies are disabled, it may mean that you experience reduced functionality or will be prevented from using this website altogether.

To find out more information on how you can **control and/or delete** cookies as you wish please see aboutcookies.org or send an email to info@nextgatetech.com.
