

Reducing Plastic Waste

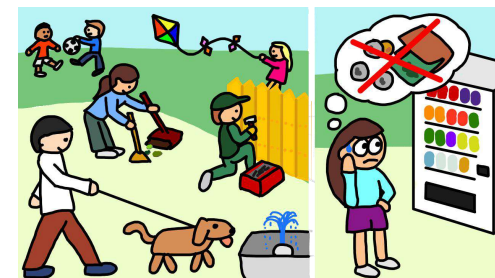

Today, people in Japan are using fewer plastic shopping bags. They also want to use fewer plastic bottles. Some people use a smartphone app called "mymizu" to find the location of water fountains. This way, they can refill a used bottle instead of buying a new one. By using less plastic, we can help protect the environment.

- 1 According to the passage, how can people refill a used bottle instead of buying a new one?
- 2 Now, please look at the people in Picture A. They are doing different things. Tell me as much as you can about what they are doing.
