Optional software (upgrades)

You don't have to stay with the same software for 10 years. With the Sunlite Upgrade Technology (SUT), you can jump to any of our more recent software you like at anytime. And with the one year licenses, you pay less!

Out of the box the SUSHI comes included with 12 channels (stand alone) and 128 DMX channels (live/pc). The number of channels can be upgraded up to 512 directly from our webstore. Quick & easy, no need to return the interface.
