

No Compromises—Ever!

HD Sports 2.0™ is the new standard in high density performance sports turf. With a diverse formulation of Hampton Kentucky bluegrasses (The Root Monster) and other Super Elite high-performance Kentucky bluegrasses, the high density, fibrous root system of HD Sports 2.0 delivers extremely wear and traffic tolerant turf with the ability to recover and repair rapidly from hard play. Its superior genetics build a remarkable advantage over summer patch and other diseases. With early spring green-up and extended fall color plus fall sun and stadium shade performance, HD Sports 2.0 outperforms other blends on cleated sports fields due to the synergy created with superior varieties in this heavy-duty Kentucky bluegrass blend.

FEATURES & BENEFITS

- Develops a deep and fibrous root system—fast turf recovery from traffic damage and drought stress
- Withstands cleated traffic with minimal damage and fast recovery
- Uniform dark green color and fine bladed texture
- Early spring green-up
- Extended growth and color during summer and fall seasons
