

MIDNIGHT KENTUCKY BLUEGRASS

Poa pratensis

DESCRIPTION

As the most consistent trial leader in overall quality, Midnight Kentucky Bluegrass is the cultivar to which other Bluegrasses have been compared for decades. Midnight Kentucky Bluegrass is a very dark, uniform, dense turf and is fairly aggressive. Use Midnight Kentucky Bluegrass for golf, sports, sod production, and lawn turf in cool-season and transition zones. Other features include summer and drought tolerance as well as exceptional performance in a wide variety of well-drained soils.

APPLICATION

Home lawns, commercial turf, parks, cemeteries, recreational and sports turf, golf course fairways, tees, and roughs, sod production

GEOGRAPHICAL ADAPTATION

Cool-season and transition zones

PRODUCTION AREA

Pacific Northwest

SEEDS PER POUND

~1,370,000
