

VITALITY RYEGRASS 100

PERENNIAL RYEGRASS BLEND

Lolium perenne

DESCRIPTION

Landmark Seed's VITALITY Ryegrass 100 is a customized perennial ryegrass blend comprised of premium turf varieties and is the perfect choice for overseeding golf course tees, fairways and roughs, and for heavy use sports fields, parks, and lawns. VITALITY Ryegrass 100 is the leading choice among discriminating golf course superintendents and sports field turf managers who demand high quality seed and superior turf performance.

APPLICATION

Interseeding into cool season grasses and overseeding of bermudagrass on golf course roughs, tees, and fairways as well as sports and lawn turf

MANAGEMENT

Soil test and manage for local conditions. Apply nitrogen fertilizer multiple times during periods of active growth, from establishment or late summer through fall. Optional applications in spring are acceptable in highly maintained cool season turf. Mow at 1/4" to 2"

GEOGRAPHICAL ADAPTATION

Transition and cool season zones, overseeding bermudagrass in warm season zones

SEEDS PER POUND

~235,000

SEEDING RATE

Overseeding: 8-10 lbs/1,000 sq ft
New seeding: 6-8 lbs/1,000 sq ft

FEATURES & BENEFITS

- Exceptional quality
- Broad genetic diversity
- Rapid establishment
- Fine textured
- Dark green color
- Wear and traffic tolerant
- Easily transitioned

BLEND OF

Spark Perennial Ryegrass
